Education

Bachelor of Science - Data Science *Brigham Young University - Idaho* January 2021 - April 2027 Rexburg, Idaho

Projects

Date Engineering Consultant *RBDC Student Data Science group* January 2026 - Present
Rexburg, Idaho

- Developing a FastAPI-based Python API to streamline property management operations for school's music department, greatly reducing processing time and potential for errors

Work Experience

Warehouse and Delivery Associate *Steve's Paint Supply* August 2024 - January 2026
Colorado Springs, CO

- Managed four separate spaces for efficient storage and retrieval of material. Operated company forklift
- Transported up to 100 gallons of paint in a safe and timely manner
- Entrusted daily with company funds to realize business purchases around town. Praised for accountable work performance under circumstances easy to abuse

Missionary

The Church of Jesus Christ of Latter-Day Saints April 2022 - April 2024 Mexico City, Mexico

- Performed ministering, proselyting, public relations, and service work on a regional level in 3 separate Mexican states
- Assigned by mission president to a mission office position to execute a culture change
- Found and submitted housing solutions for needs of 135 missionaries including proposals and contract negotiations through church legal department. Completed task of finding new properties for 3 companionships on a short schedule
- Oversaw logistics for distributing proselyting aids, equipment, and mail to missionaries in 50 different mission areas
- Organized and cleaned out storage spaces to increase space and better separate 2 inventories
- Managed technology maintenance, repair, and training needs. Headed project to distribute 75 new phones in an efficient manner to rotate oldest phones out of use sooner
- Prepared dozens of residency application packages for foreign-serving missionaries and maintained inconsistent consulate appointment schedules
- Planned transportation of 70+ missionaries on a tight schedule to ensure missionaries could work in new area as soon as possible, usually same day
- Assigned to leadership positions over up to 15 other missionaries

Hotel Maintenance Staff *Hampton Inn and Suites* June 2020 - December 2022 Colorado Springs, CO

- Serviced and supported hotel amenities and building assets for the #1 rated Hampton Inn & Suites in Colorado. Specialized in pool maintenance, grounds keeping, facilities appearance, structural and landscaping improvements to keep a fully operational, clean hotel property at one of the highest volume per unit hotels in Colorado.
